(3) Notes to Consolidated Financial Statements
(Notes on Going Concern Assumption)
Not applicable.
(Notes in Case of Significant Changes in Shareholders' Equity)
Not applicable.
(Changes in Accounting Policies)
(Changes in valuation method of inventories)
At the Company and some of its consolidated subsidiaries, merchandise and finished goods had been stated at cost by the specific cost method (method in which book values were written down based on declines in profitability), however, beginning from the first quarter of the current fiscal year, they are stated at cost by the moving average method (method in which book values are written down based on declines in profitability).
The purpose of this change is to enable appropriate periodic accounting of profit and loss, taking advantage of the introduction of a new sales management system.
As the monetary impact of this change is insignificant, it has not been applied retrospectively.
